### **WHY BECOME A NAPNES MEMBER AND WHO WILL SPEAK FOR THE PRACTICAL NURSE:**

#### **THE ANA and ANCC DO NOT REPRESENT THE PROFESSION OF PRACTICAL NURSING.**

They are singularly and solely providing all of their assets and resources to ONLY the advancement and benefit of the Registered Nurse – ONLY...

NCSBN – NLN – NLNAC – and all of the other organizations – ASK yourself (research) what have they done for the profession of Practical Nursing? Do you have more jobs? Do you have

any or as much advanced certifications and education as the ANCC offers RNs? Why are PNs pushed out of Acute Care and now they want to reduce PN Education?

You (The Practical Nurse) will have to become active – to keep your job and profession.

**Advance Your Profession of Practical Nurse –**

**Don't let them STOP you with lower education –**
